

36th Annual

LOOSLI

Bull Sale

**Monday, March 15, 2010
1 p.m. (MST) • At the Ranch**

Welcome...

Dear Red Angus Enthusiasts,

It is a great pleasure and honor to be helping the Loosli family again this spring with their sale offering. It is hard to believe that Lynn has been gone over a year now, and although things are going very smoothly at the farm, he is still greatly missed.

What remains though is the amazing herd of Red Angus cows he built, and the same genetic principles that he applied over the years is being continued through his son, Brian Loosli, and the family. This is a tremendous group of cows... loaded with growth, maternal ability, and great carcass genetics.

Many of the bulls in the offering this year are sired by 5L Hobo Design 273-7047, the Destination x Hobo bred bull that was the last sire Lynn purchased back in '08. All spring every visitor has asked, "Who is the sire to those powerful bulls with the blue tags?" Hobo Design is and he is destined to be a breed great... 30 of his sons will sell! Once again, the bulls were developed at the Darr Feedlot in Nebraska, and you will find that they are stout, fit, sound and ready to go to work. The ultrasound carcass data is also in and you will have a hard time finding a more consistent, even set of scanning bulls anywhere.

I have studied the bulls extensively and am very knowledgeable and ready to answer any questions you might have about the offering. Please don't hesitate to drop me a line on my cell phone (406-591-5651) or via my email (sal1968@msn.com). I will also be present sale time and can field any questions you might have then. I look forward to seeing you at the ranch on March 15th!

Sincerely,

Seth Leachman

Maternally he stacks maternal leaders, Logan, Rambler and Monu 2X going back to a Divide 310 x Hobo 1911 foundation, the genetic combination that helped put the Loosli program on the map.

Here is a big time prospect that deserves to be saluted. Admiral 952 is as well made as they come, and his exceptional performance, numbers and looks make him a bull to be recognized... not to mention his 14.8 REA and 111 REA ratio! Royally bred, he stacks breed greats Gold Robber, Cherokee Cny, Logan and Heavenly all in consecutive generations on his maternal tabulation.

If performance, muscle and testicles are what you're after... look no further. Admiral 986 posted the highest REA this year with a 15.8" eye! Maternally he is out of a daughter of carcass leader, Cherokee Cny, and the granddam is the Chateau sired female that also produced 931, another powerful herdbull prospect selling.

Conrad 993 could be one of the most interesting herdsire prospects to sell in the entire breed this spring! His balanced EPDs which rank in the top percentiles of the breed across the board, are backed by his awesome performance numbers: 75 BW, 91 BR, 692 AWW, 109 WR, 1217 AYW, 106 YR, 114 IMF ratio and 111 REA ratio! He is stacked top and bottom to the great Osce tribe that produced New Chapter and Loosli Chato 631, a full ET brother to 993's dam.
