

37th Annual

LOOSLI

Bull Sale

Monday, March 14, 2011

1 p.m. (MST)

At the Ranch

Dear Red Angus Friends,

It is a pleasure to welcome you to our 37th Annual Loosli Red Angus Production Sale. We are in the most interesting, yet exciting, times in the cattle industry. The cattle markets are the best they have been in years and the level of acceptance and even the demand for Red Angus cattle are at an all-time high. Beef exports and a maintained level of cattle numbers, along with the improvement in the economy, will continue to support these market levels for the foreseeable future. This is a great time to be in the Red Angus business! That said, the cattle we are introducing to you are "Designed with You in Mind" and to compliment this rising market. They are balanced to meet the demands of your operation with our brand of performance, quality and proven genetics. They are raised in a harsh environment in which only the efficient and balanced cattle can be maintained.

To date, this is by far the most uniform set of bulls we have ever offered. This balance is something we strive for since bulls that are balanced in many areas are more profitable. This year we are selling another class of Hobo Design sons that are outstanding! Hobo Design is one of the most talked about new sires in the industry. Last year his sons sold well to both purebred and commercial buyers alike. Their calving-ease and growth are exceptional. His daughters are now in production and are making high quality females.

We also are introducing a set of sons by our new herd sire, Larson Camelot, a son of Messmer Joshua, a Beckton Julian B571 son. His spread from a -1.1 BW to a 73 YW is tremendous. His dam is one of the great females in the breed. His calves are extremely attractive, with a high performance progeny and are standouts both genetically and phenotypically. He has produced some of our top herd sire prospects for this year.

This past summer, we were honored to host the Northwest Red Angus Tour. It was great to have industry partners come and view our cattle. As we toured through the cattle, we talked about trends and directions that we should be going. Everyone that attended commented on the phenotype and the great disposition of our cattle. We had a good crowd, met lots of new friends and renewed old friendships. Might we add that the delicious homemade root beer and pie were a hit.

We are extremely proud of our sale selection this year and welcome your calls to discuss your cattle needs. A special thanks to Seth Leachman for all of his help both before and during our sale. His expertise in this industry is unmatched. Also, thank you to our cattle and farm crews who help to make this all possible. Please look through the catalog and visit our website at www.Loosliredangus.com to view our powerful genetics. The decisions you make today will determine at what level you be participating in the cattle markets of tomorrow.

We look forward to seeing you Monday, March 14, 2011.

Sincerely,
Brian and Karen Loosli
Kristin, Brett & Mikalla, Megan, Mark & Michael

Seth Leachman: 406-591-5651

Auctioneer:

Kyle Colyer: 208-845-2098

Retained Ownership: Loosli Red Angus is retaining a full ½ semen interest in every sale bull...Buyer will take full possession and retain full salvage value in the bull. Bulls collected for A.I. use will be done in the off season at the buyer's convenience with expense paid by Loosli Red Angus. Please call Brian Loosli for more information. 208-317-7878

Transportation: Delivery is free to central points in Idaho and to central points for adjoining states. For more distant locations or single animal purchases outside these central points, the buyer will be responsible for these costs. We will assist you in making delivery arrangements at the lowest possible cost.

Insurance: Tell the clerks when you checkout if you wish to insure your purchases and they will record the necessary information. Coverage starts immediately when you tell the clerk. The insurance is through Jerry Gliko: Cell 406.860.3181: Home 406.277.3001. All purchases are the buyers' responsibility as soon as they are sold. Jerry will also be at the sale, so you can speak with him directly.

Sale Order: Sale order will be available prior to the sale.

Note: EPDs and comments listed with each lot are based on weaning weights. Updated yearling weight EPDs can be found in the back of the catalog.

Dear Red Angus Enthusiasts,

It is a great pleasure and honor to be helping the Loosli family again this spring with their sale offering. Lynn built a great foundation Red Angus herd, and Brian has taken off with it in full stride. You will not find a more impressive set of bulls anywhere in the breed this spring! These bulls are loaded with performance and type, and their huge testicles are only matched by their equally huge ribeye areas.

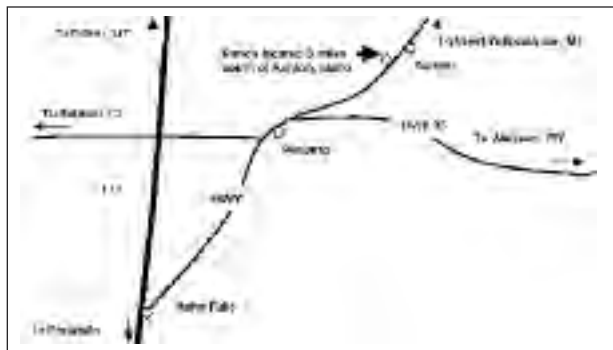

Many of the bulls in the offering this year are again sired by 5L Hobo Design 273-7047, the Destination x Hobo bred bull that was one of the last sires Lynn purchased back in '08. One of the most talked about and used AI sires this past spring, Hobo Design is a breed impact sire and this calf crop features some of his most exciting sons to date. Loosli's also have an incredible first calf crop by Larson Camelot 809, the Joshua x Major League bred bull Brian purchased from Larson's in MT back in '09.

The bulls were developed at the Darr Feedlot in Nebraska, and you will find that they are stout, fit, sound and ready to go to work. The ultrasound carcass data is also in and you will have a hard time finding a more consistent, even set of scanning bulls anywhere.

I have studied the bulls extensively and am very knowledgeable and ready to answer any questions you might have about the offering. Please don't hesitate to drop me a line on my cell phone (406-591-5651) or via my email (sal1968@msn.com). I will also be present sale time and can field any questions you might have then. I look forward to seeing you at the ranch on March 14th!

Sincerely,

Seth Leachman

Ranch is located 50 miles northeast of Idaho Falls on US 20.

Loosli Camelot 001 was the first calf out of our new herd sire, Larson Camelot 809. It is always exciting to see the performance of our latest genetic combination. The Camelot calves are stylish, phenotypically correct, and carry extra muscle and performance. Camelot 001 did great as the first calf of Miss LL Signature 846. She is a great young cow with a MPPA of 103 and her dam, a Rob Low daughter, is one of our top producing females with a 106 MPPA. Loosli Camelot 001 EPD's puts him in the top of his class.

Loosli Hobo 002 comes from the most talked about new sire, Hobo Design, of the 2010 sale circuit. The Hobo Design calves have been all we could ask for and more! His first daughters are calving now, and they have super dispositions and nice udders. Loosli Hobo 002 is one of the best gaining bulls at Darrs' Feedlot with a test gain of 3.74 lbs. a day. His carcass numbers are just as impressive with an IMF of 4.27 ratio of 131. His Dam has a perfect udder and always produces one of the top calves.

Camelot 004 has been a standout since day one... he will be one of the most powerful bulls to sell in the breed this season. His awesome performance and powerful growth numbers are accompanied by a 16.2 REA, with a 116 ratio! His dam, Sawtell 697, is a young female off to a great start, earning a 103.6 MPPA with a 94 ABR, and 105 AWR on her first three calves. She also has two carcass ultrasound records with impressive averages of 110 IMF and 107 REA. She is sired by Cherokee Teton, a bull we raised that topped the '04 Buffalo Creek Sale to R2 Ranches in TX for \$34,000.

Wow... Camelot 027 is one of the most exciting outcross herd bull prospects to hit the breed. Besides his awesome pedigree, he posted one of the best records in the offering with a 115 WR, 107 YR and an ultrasound record of 126 IMF and 107 REA. His dam, Pride 3587, was hand selected by Lynn from the Riverbend Ranch here in Idaho, in an attempt to add exciting outcross genetics to our program. She is royally bred stacking BR Midland, New Design 036, and Connealy Dateline.

Hobo 042 will be one of the most balanced herd bull prospects to be offered in the breed this spring. His EPD profile has no holes, and he has the performance figures to back them up, with a record of 94 BR, 105 WR, 105 YR, 114 IMF and 110 REAI His dam, Larson Suzanne 547, was purchased as a top bred heifer in the '06 Nile. She is sired by carcass and feed efficiency leader, Major League, and maternally stacks Impressive Rob, Monu 2X and Del John, three sires that are foundations in the Larson program.

Hobo 062 is a dark, cherry red bull with extra length, dimension and a pattern that is hard to miss. Posting a powerful record of 110 WR, 107 YR, 102 IMF and 103 REA, he is one of the most balanced bulls in the offering. Last year, his powerful full brother was also a featured herdbull prospect, and sold to Santana Ranch for \$4,300. His dam, 265, has been a herd builder, earning a 105.5 MPPA with a 107 AWR, and 104 AYR on her six calves. She is another top producing daughter of Glacier Logan 958, the Logan 210 son out of Golden Girl 510, a Rambler x Golden Boy bred female that comes from the same foundation as Shoco Sir Robin and Shoco Data.

It is not hard to find this top performer... just go into the pen and look for the bull with the biggest butt! Camelot 098 has an awesome yearling record of 68 BW and 82 BR, with a 113 WR and 111 YR. He also put up some one of the best carcass scans, with an amazing 128 IMF ratio and 109 REA ratio! His dam, 230, is a top producing Cherokee Canyon daughter, earning a 102 MPPA with a 102 AWR, and 104 AYR on her seven calves. Maternally she stacks Glacier Dynarise with BJR Rollin On, going back to a Rambo 502 foundation.

Hobo 0131 is a tank, one of the deepest ribbed bulls in the offering, and he has the performance to go with it, posting impressive ratios of 110 WR and 105 YR. His dam is a 105.4 MPPA daughter of Loosli Sawtell 327, the Rob Low sired full brother to our top donor cow, 929, from the famed Osce cow family. The foundation dam, is royally bred, stacking maternal leaders, Chateau and Grand Canyon.

Dude 0143 is the youngest bulls in the offering, and he also happens to be the top performing bull as well, posting an amazing record of 787 AWW, 121 WR, 1427 AYW and 119 YR! His dam, 508, has done this before... last year her 115 WR, 122 YR Admiral son was a sale feature, going to the TS Ranch for \$3,000. She is sired by New Chapter, and maternally stems from the same foundation as Hobo 062.

Our youngest bull in the sale that scanned an actual 14.0 ribeye area. Adj. WW of 819 with a 126 ratio and check out his YW EPD of 97 with a yearling ratio of 115. He does all this with a -1 ME and a 11 Stay. His dam is a 5 yr. old with a 106.7 MPPA on 3 calves. Her other two calves were both in the 60 lb range, so this 96 lb. from a cross with Hobo does seem out of place. Not a heifer bull, but is a power bull with potential to make excellent females.

SALE TERMS & CONDITIONS

TERMS: Terms of the sale are cash, check, or other terms agreed to in writing between seller, buyer, and sale manager payable immediately upon conclusion of the sale before animals will be moved. Sale Manager reserves the right to require a certified check as settlement before releasing any cattle.

PURCHASER'S RISK: All animals are the owner's risk prior to their sale and become property of the purchaser as soon as declared sold by the auctioneer.

BIDDING: Any disputes or challenges regarding bids or tie bids will be settled by the auctioneer and his decision will be final.

CERTIFICATE OF REGISTRY: A certificate of registry for each animal will be transferred to the buyer at the seller's expense.

ANNOUNCEMENTS: Any errors or changes in information contained in the catalog will be announced from the block and such announcements shall take precedence over the information contained herein.

HEALTH: All animals are eligible for interstate shipment. Interstate health papers prepared by an accredited veterinarian will be furnished on each animal sold. Arrangements for International Shipment should be made with the sale manager prior to the auction. All efforts for the exportation of cattle can be arranged through the sale manager.

BREEDING GUARANTEE: All animals are guaranteed by the seller as outlined in the Red Angus Association of America Code of Ethical Sale Practices.

LIABILITIES: All persons who attend the sale do so at their own risk. The seller, auction facility, and sale manager assume no liability for any accidents that may occur. Neither does the seller, auction facility, or sale manager assume liability for the loss or injury to livestock due to theft, mysterious disappearance, sickness, improper handling or Act of God. It is to be clearly understood that the sale manager and its representatives act only as a medium between the buyer and the seller. They are not responsible in any way for the failure on the part of the buyer and seller to live up to their obligations or for the truth of any warranties or representation, express or implied. Neither does the sale manager assume any financial obligations to collect or enforce collection of monies between parties. Any legal action, that may in exceptional cases be taken, must be between the buyer and the seller. This catalog has been prepared by the sale Manager from pedigrees and information supplied by sources deemed reliable, however, the sale manager will in no way guarantee the pedigree, percentages of the animals selling, or data included in this catalog. Any exceptions taken are between the buyer and the seller.

CONTRACT: The above terms and conditions of sale shall constitute a contract between the buyer and seller of each animal and shall be equally binding upon both. Each sale or resale of an animal constitutes a separate transaction.

Brian Loosli
Loosli Cattle Co.

Dear Brian,

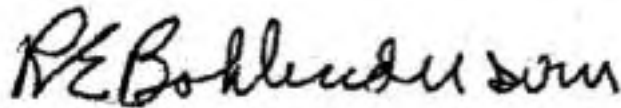

I worked your bulls today (2-14-11). We did a fertility exam and a complete genital examination of 107 bulls. The bulls have very good disposition and are good to work with. The bulls are a good healthy, sound, set of bulls to work with.

We found good scrotal size with no fat in or over the bag. For me the pelvic measurements were very impressive. We found the shape and size of the internal pelvis is a highly heritable trait and these bulls should sire excellent replacement heifers.

The semen quality was very good. These bulls have been on a very good, sound nutrition program. The program at Darr Feeders is a solid program with Mitch Ziebell caring for the bulls daily. With winter feed costs high and the weigh-up salvage value of older bulls so high we should young up our bull battery. Also be aware of scrotal freeze damage in our older bulls.

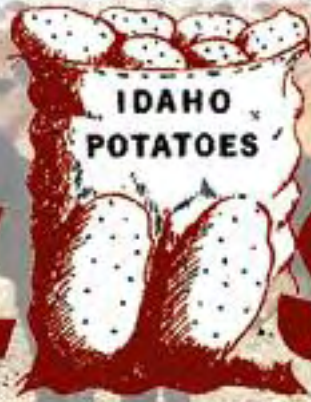

We will be providing a semen test and measurement certificate for each bull.

Sincerely,

R.E. Bohlender D.V.M
