

50th Annual
LOOSLI
Bull Sale

Tuesday, March 12, 2024 • 1 p.m. (MST)

At the Ranch in Ashton, Idaho

Celebrating 50 Years...1974-2024!

Over 100 Yearling Red Angus Bulls and 50 Open Purebred Heifers Sell!

www.loosliredangus.com

Dear Red Angus Friends,

It is our pleasure to welcome you to the **50th Annual Loosli Red Angus Production Sale**. Yes, with 50 years comes many years of changes and improvements, but one thing that has remained the same is our great customers. Without you, we would not be in business. We sincerely appreciate your patronage and thank you for your many wonderful years of support! We are reminded daily how fortunate we are to be involved in the cattle business and count this as one of our many blessings. Being part of the ever-growing Red Angus breed is something we take great pride in. The Red Angus Breed continues to move forward and lead the industry with tremendous interest and demand. Red Angus cattle have proven themselves with low-maintenance, high fertility/maternal qualities, calving ease, and great dispositions. You can count on these traits at Loosli Red Angus!

We have put together a very solid set of bulls this year with genetics from breed-influencing sires and dams. This bull offering features some exciting genetics with the numbers and phenotype to match. Numbers alone are not enough. Their outstanding traits are carrying through to our herd as anticipated. This group of bulls has traits that will improve any cattle operation from several top-notch herd bull prospects to heifer bulls. We can honestly say that we have the best set of complete bulls to sell. We strive for balanced bulls; they are more profitable. **Heifers:** The Red Angus replacement heifers are some of the fastest growing components of the business. They've been labeled as the Most-Favored Female and are renowned for their herd longevity. Rebuilding, maintaining, or starting a great herd begins with replacement heifers. We make sure our sale heifers have outstanding combinations of great mothering traits, natural muscle, wide tops, great udders, and sound disposition. These past two months we've been calving, and you should see some of these calves! One of our best sets of calves ever.

See these outstanding traits for yourself as we run the bulls & heifers through the sale ring. Come view the cattle before the sale or watch the **online videos** on our website, www.LoosliRedAngus.com. You can also preview the bulls at VeltKamp Livestock in Manhattan, MT. We are extremely proud of our sale selection this year and welcome your calls to discuss your cattle needs. We have people to assist you and thank our hard-working employees. Please look through the catalog and visit our website to view pictures, videos, and current EPDs.

We invite you to our ranch in Ashton, Idaho, on **Tuesday, March 12, 2024**, to have a delicious lunch and be part of this great 50th celebration. You can also watch/bid online through **LiveAuctions.TV**. Thanks again for these 50 wonderful years!

— Brian and Karen Loosli & Family

How It All Started...

Lynn Loosli's first FFA project was raising eight acres of seed potatoes. The small profit from this project allowed him to buy seven registered Hereford heifers. That was almost 75 years ago and that potato project is still remembered in our cattle operation through the Idaho potato sack being prominently displayed in the Loosli cattle logo. Through the years, these seven heifers have become more than a project... They have evolved into a livelihood for generations in the Loosli family and the result is Loosli Red Angus!

In Lynn's early years, he learned many lessons along the way. A valuable one came while fishing with his dad. "Don't stand in the eddy, dad. That's where all the fish are," complained Lynn. "His dad smiled to himself, twisted around in his waders, and flicked a fly at Lynn's shallow water boots. A big—biggest of the summer—gray, Fall River trout darted from under a cut bank, took the lure with imperturbable vigor, came to creel after thoroughly splashing his son. It was then Lynn learned opportunity, likely as not, is right beneath your feet—not beyond the elusive horizon." That is probably one reason why he turned down a Rhoades Scholarship and returned to Ashton, Idaho, to farm and ranch.

Lynn and Portia raised not only cattle and potatoes in Ashton, but also nine children; added to that are 29 grandchildren and 32 great-grandchildren. Lynn passed away in 2009 and Brian continues this legacy. A lot still can be learned working the soil, raising cattle, and fishing!

Loosli Red Angus 50th Annual Production Sale

Tuesday, March 12, 2024 • At the Ranch, Ashton, ID • 1 p.m. (MST)

Sale Representatives

Curt Cox, WY Livestock Round-Up:
Office 307 234-2700, Cell 307-630-4604
Mark Frisbie, Western Ag Reporter: 208-890-4517
Jared Patterson, Western Livestock Journal: 208 312-2386
Rachel Oliver RAAA: 406.480.1569

Auctioneer: Kyle Colyer: 208 845-2098

View Cattle: The cattle are on test at the Veltkamp Livestock Center, 11526 Gravel Pit RD, Manhattan Montana.

Retained Ownership: Loosli Red Angus is retaining a full ½ semen interest in every sale bull...Buyer will take full possession and retain full salvage value in the bull. Bulls collected for A.I. use will be done in the off season at the buyer's convenience with expense paid by Loosli Red Angus. Please call Brian Loosli for more information. 208-317-7878

Transportation: Bull delivery is free to central points in Idaho and to central points for adjoining states. For more distant locations or single animal purchases outside these central points, the buyer will be responsible for these costs. We will assist you in making delivery arrangements at the lowest possible cost.

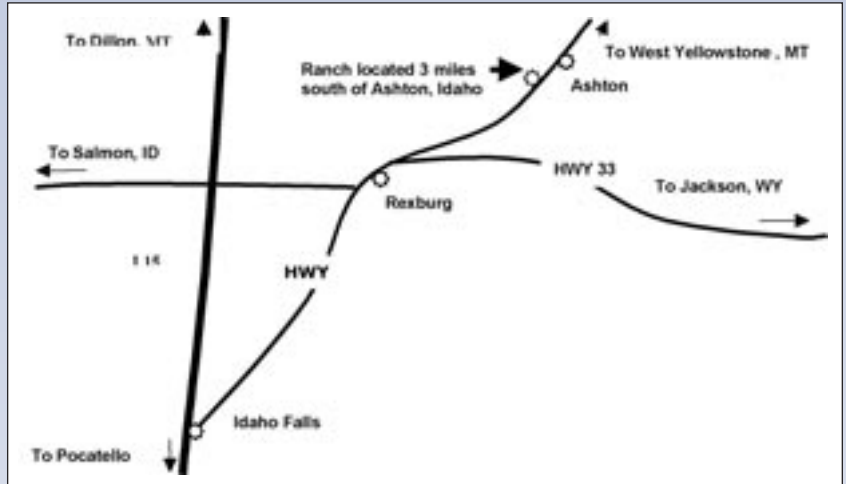

Insurance: Tell the clerks when you checkout if you wish to insure your purchases and they will give you the application. Coverage starts immediately when you turn in your application. The insurance is through American Livestock at 630 232-2100. All purchases are the buyers' responsibility as soon as they are sold.

Sale Order: Cattle will sell in catalog order.

Information: Updated EPDs (yearling) and data are available on our website.

Announcements/Liabilities: Announcements made from the sale block on sale day take precedence over the catalog. All persons attending the sale do so at their own risk. Seller assumes no responsibility, legal or otherwise, for any accidents occurring in, on, or about the premises.

Guarantee: Loosli Red Angus guarantees all bulls selling for \$3,000 or more against breeding injury for the first breeding season. Breeding season is defined as the 90-day period following the first turnout of the bull(s). If a replacement bull is available, he will be provided, or if buyer prefers credit toward one bull will be given in the following year's sale, less salvage value of the injured bull. Under no circumstance will Loosli Red Angus be liable for more than the net purchase price of any bull. Please notify us as soon as possible, should such an injury occur, to make your claim and arrange your return of the injured bull. Broken bones or injuries due to negligence will not be covered under this guarantee. A bull that dies will not be covered by this guarantee. We recommend the purchase of livestock mortality insurance to mitigate this type of loss.

Ranch is located 50 miles northeast of Idaho Falls on US 20.

Sale Barn Address:
3301 Hwy. 20, Ashton, ID 83420

Lunch served at 11:30 a.m. on sale day!

We start this sale with a strong 5L Foreman son stacked with an Ultimatum daughter, a staple in our herd. After seeing his progeny and his data, we knew Foreman needed to be used. Lot #1 continues this legacy and has 6 EPDs in the top 13% of the breed including his outstanding WW & YW. He has a herd bull look with good dimension, depth of body and great thickness and ranks in the top 13% for HerdBuilder! He is a great option to move your herd forward.

Herd Bull prospect! Everything about this stud says he is a herd bull. Again, a 5L Foreman son out of a Triad daughter with 6 EPDs in the top 11% of the breed! Every time we go through the bulls, he impresses us more with his loads of dimension and thickness. It would be hard to find a thicker bull anywhere in the breed. He has tremendous capacity of body with an incredible hindquarter. He backs all that up with one of our top cow families that consistently produces growth with moderate birth weight. Not only does he have the look but adds the numbers to match including an outstanding 1% in BOTH WW & YW, and 11% CED. His own personal data record is outstanding with a 94 birth ratio with a 69 lb. actual birth weight and weaned off with a 122 weaning ratio. He is the real deal!

This is one of our top herd bull prospects! He has been at the top of our list since he was born. He is out of one of the best bulls we have ever raised, Loosli Perseverance 019, who topped our 2021 sale at \$25,000. His progeny keeps getting better and better, and he is fast becoming one of our top herd sires. Lot #3's dam is a beautiful Spartacus daughter with a solid cow family on both sides of the pedigree. This bull's combined pedigree makes him one of the most complete bulls to sell today. He started with a 63 lb. actual birth weight and grew to a 109 weaning ratio. He sports a spread of a 16 CED to a 118 YW which are 16% and 12% respectively. His WW is a top 7%. Genetics and numbers run deep for this bull!

Lot 4 – Loosli Perseverance 336

This bull's pedigree is stacked for generations. He is another great Loosli Perseverance 019 son that we are loving on our ranch. These calves just work! His dam is Loosli Frontier 648 who goes back to a donor cow family that has produced many standout herd bulls and her daughters are some of the best cows we own; she has a MPPA of 106. This bull has a 15 CED and -4.9 BW (top 7%) with a top 16% HerdBuilder. This bull will produce traits of calving-ease in addition to great growth. An outstanding complete package for your herd.

Lot 5 – Loosli Foreman 364

This bull has it all... the pedigree, phenotype, and strong numbers to match! A solid Foreman son and like his half-brothers Lot #1 & 2. He is out of a first-calf heifer and goes back to one of our new donor cows that has a tremendous cow family behind her. This bull weaned off with a 114 weaning ratio, WW EPD of Top 3% and has a tremendous CED of 17 (Top 6%) which is the best predictor of calving-ease. Add to that a spread of 130 YW (Top 4%). You will want to keep every daughter in your herd. Great index values with a ProS 9% and a high GridMaster in the top 12%. If you add an ADG in the top 6% and HPG of 4%, you would win the lottery with these numbers!

The Ultimatum cattle have been a great addition to our herd and have been well received. This bull is a great example of why. He has a tremendous birth to yearling spread and tops that off with a top end GridMaster index in the top 14% of the breed. He had a 78-pound actual birth weight to a 119 weaning ratio. His numbers only get better with 3% CW and a top 1% in ADG and Milk. His dam is from a top Merlin cow boasting a 110 MPPA and is fast becoming one of our elite donor cows!

Another 5L Foreman son in the top 10 of our sale, highlighted by 7 EPDs in the top 23% of the breed! A couple of top indexes in ProS and GridMaster with EPD data to back it up. . .3% WW and 5% YW. Calves will be popping with a top 5% in Heifer Pregnancy. He has a strong cow family that tends to stamp their calves with a dark cherry coloring and a solid body shape. You will like his phenotype and how well he moves out.

There are certain bulls that we evaluate and say, we should use him more because of the quality of his calves. Profiteer is one of those bulls. This bull is a phenomenal Profiteer son that blew the growth traits out of the park. Look at the single digit 1% growth numbers across the board on WW, YW, & ADG which leads to an outstanding 3% CW EPD. He is a moderate birth weight bull having a 75-lb actual birth weight and weaned off with a 113 ratio. This is the first calf out of a Spartacus daughter. Great cow family.

Our Profiteer sons are some of the most attractive and stout bulls in the sale, with this bull out of a very solid Tremendous cow family. A lot of same things could be said for this bull as the previous one. Again, a Profiteer trait of top numbers in WW (3%), YW (3%), and ADG (5%). This bull showcases the body style that Profiteer passes on—depth through the rear quarter with tons of capacity. A lot of growth with moderate birth weight, along with a huge top, dimension and muscling. This bull combines very good HerdBuilder index as well. If you are looking to put out a “tremendous” set of feeder cattle, you need to take a look at this bull.

We finish off the top 10 with our first Collusion son to sell. We are very impressed with the Collusion sire group from C-Bar. They give us a touch more frame, and phenotypically they are impressive. #305 has off the chart Indexes (ProS 4%, HerdBuilder 15%, GridMaster 10%) backed by his tremendous growth and power. He has an impressive EPD package with 9 EPDs in the top 11% of the breed! When we purchased his sire, he had just posted an 8.28 IMF and 156 ratio. This combination of growth, carcass, and maternal is impressive. He is out of a cow family that leads back to the great LL Design 140 having a 111 MPPA! This bull's offspring will compete in any feedlot and his daughters will become strong replacements in your herd.

Indexes tell the story on this bull. Look at those top single digit numbers for ProS and HerdBuilder, and an equally impressive 5% for STAY. You will want to keep every daughter in your herd. He has moderate birth weight 78 lbs, great growth EPDs with a 109 weaning ratio. Positive carcass numbers for both REA and Marbling. This pedigree is just stacked with maternal greats...Brunswick, Right Kind, Conrad, and Signature!

The first Agent son to sale. We bought Agent because of the cow families behind him and all the maternal traits that they possess. We combine that on an Ultimatum daughter and accelerate the maternal traits of this line of cattle. #344 represents that combination. Genetically his daughters will be main stays in your herd. He ranks in the top 2% HerdBuilder Index with added calving ease and a 112 weaning ratio. The other benefit from this mating is a top 9% marbling.

It was tough to pick which Agent son to put first. This bull comes with a touch more growth than the previous Agent son as he's out of a little more powerful cow family. He has plenty of calving ease with 6% CED and 2% CEM to go with his growth numbers and has a very nice phenotype to him as well. This bull will add frame and length to your calves.

We are very excited about this mating of Collusion and Hannah 2116. She is our extremely powerful donor cow that has produced some phenomenal herd bulls and beautiful females. Her MPPA is 105. We almost want to call this bull 1% as he has a 1% in BOTH ProS & HerdBuilder and again a 1% STAY. Check out the indexes that come from his great calving ease and low birth to tremendous growth combined with a good marbling. He is going to be a very productive bull. If you are looking for an outstanding outcross to add to your program, here he is!

Big time spread bull. This is a Foreman son out of a Spartacus daughter, that is a half maternal sibling to the Perseverance 019 bull. His numbers are something to write home about! This is evident in his 2% growth numbers—CED, WW, and 4% YW backed up with loads of maternal. He has 70 pound actual birth weight and grows to wean off at 10X his birth weight at over 700 lbs for a 125 ratio. Stud of a bull with tremendous phenotype. He should probably be higher up in the sale.

Perseverance 019 has been turning out some really productive bulls. This bull crossed with a Frontier dam, is no exception. He possesses a negative birth weight to single digit growth. Again, the single digits for WW (top 4%), YW (top 5%) and CW (3%). There is lots to like in this bull.

Another Collusion bull with lots of power, dimension and presence. He has a good spread from his top 17% CED to his top 20% YW. On top of that he has a top 10% marbling. All this totaling up to all three indexes being very high. His 8% HerdBuilder represent all those traits and will assist you in developing a profitable herd. Out of a good cow family.

These Fortune bulls have worked well in many commercial herds. You will like their moderate birth weight with good growth on a little bit of extra frame. He has good ribeye numbers as well. Tracing back to the very predictable Frontier cow family, you should expect a very marketable package that produces great results.

This bull has some of the best numbers in the sale! A really good Collusion son with a top 1% CED to single digit growth combined with single digit marbling. All of this leads to top indexes; ProS and HerdBuilder are both a top 1%! His top 2% STAY and other maternal numbers leads to a triple digit HerdBuilder index, which is not often seen. Add them all up to make 12 traits in the top 20% of the breed. From our top Triad cow family.

This bull is going to catch your attention in the pen. He has a very powerful look to him with lots of thickness, capacity and dimension. He shows that he is a moderate type birth weight bull phenotypically, but looks as to have plenty of growth to him. He comes from a very productive cow family that consistently produce very phenotypically correct cattle.

This should be a great female producing bull. He stacks so many maternal traits in his pedigree as evidenced by his maternal numbers especially top 8% HerdBuilder index and top 15% ProS. He has a low birth weight with top growth. He has a 70-pound actual birth weight to 111 weaning ratio. He's a dark red bull that is put together right. He will produce strong calves and be profitable as well as produce females you will want to keep.

Another Collusion son that has a lot of power and growth to him. He has a negative birth weight and would be good to use on heifers. He has good marbling and lots of maternal. All this adds up to some top indexes of 2% for both ProS and HerdBuilder. Again, the WW & YW are in the top 4% of the bred. He is proof of the balanced traits we are breeding for... 8 traits in the top 11% of the bred.

One of the few bulls that have donor dams on both sides of the pedigree! He is very strong maternally. If you want something to moderate your birth weight and frame scores, take a look here. He has a lot of calving ease with a 4% CED and a 1% CEM. A low birth weight that propels up to a 103 weaning ratio. Marbling is good as well.

We are at Lot #43 and have a 1% HerdBuilder and a 9% ProS. Don't miss a chance to add these Collusion genetics to your herd. There are 7 traits in the top 10%. Very good low birth weight. This bull defines calving ease with a 2% CED and 1% CEM coupled with a good phenotype. He also has some carcass quality and outstanding maternal. A top 1% STAY equating to a top 1% HerdBuilder index that is triple digit and a single digit ProS. Very good Loosli Bourne cow family behind this bull.

There is quite a set of numbers here with this Profiteer son. Throughout our 50 years in the cattle industry, we have always strived for balance bulls, desiring that Lot #1 be as good as Lot #100. Look at the quality we have here halfway through the sale. This bull has low birth weight to good growth and great carcass with tremendous maternal. All this is indicated in his top end indexes of 4% in both the ProS and HerdBuilder. He also has the phenotype to back His numbers. His dam is one of our top cows with a 104 MPPA.

The youngest bull in the sale, but you would never guess it by looking at him. This Sprint bull started off with a low birth weight grew out to a 130 weaning ratio, highest in the sale. His numbers tell the same story with a 16 CED to top 1% growth numbers in both WW & YW. On top of that, he has excellent carcass numbers all adding up to top GridMaster and ProS indexes. That puts 13 traits in the top third of the breed. Phenotypically he is an impressive bull that reminds me so much of his sire Loosli Sprint 0184, both of them were young bulls that normally don't make the sale because of age. However, these bulls had so much growth that they caught up to the older bulls. Excellent cow family.

One really appreciates the pedigree of this bull. The combination of Supremacy and On Edge creates one of the most balanced bulls to sell in the offering today. We are really excited about Supremacy, and you will hear much about him in the future. This bull offers good calving ease and low birth weight with great growth giving him a 104-weaning ratio. He also sports those great carcass traits. Maternally his grand dam is the exceptional LL Rob Low 929 cow.

Look at those numbers! If you are looking for calving ease and good growth look no further. How many bulls in the industry will have a calving ease direct of 15 and a triple digit yearling weight of 155 EPD. This thick and powerful bull has a great phenotype as well. He possesses that extreme makeup in his DNA. Note his single digit EPD profile for growth and maternal as well as great carcass traits. His Dam boasts a 110 MPPA!

Looking for a bull than can cover those large pastures. This Powerful bull has that extra length of body, spring of rib and muscle pattern to cover the territory. He has great depth and tons of capacity in this frame. His dam has been a favorite cow in our herd and has a beautiful udder at 10 years of age.

We anticipate this will be an outstanding bull. He is an ET calf from our esteemed donor Right Design 329, and our Collusion sire 263J. His EPD profile expects him to be a top HerdBuilder (4%) an indication that he can help producers build a profitable herd. He also sports a ProS in the top 9% of the breed which also indicates profitability and sustainability within herd across multiple traits. This all starts with his Calving Ease Direct EPD of 20, the top 1% of the breed!

Very well-balanced bull that will inject length, extension, and growth into his progeny. He does this in a nice package without sacrificing natural thickness and dimension.

This bull has a tremendous phenotype with some amazing numbers in his EPD tabulations. He might be the best all-around bull in the sale! He has the top indexes in the industry as you can't go any higher than the top 1%. His EPD platform expects him to work on heifers, have outstanding weaning and yearling weights, have daughters that Stay in the herd, and please the feeders and packers with his top 2% marbling EPD.

We like the frame and straight lines of this Perseverance son that make him phenotypically correct from every angle. He will add growth to your herd with single digit EPDs for WW & YW. He comes from a maternal line of cows that shows all 7 generations walked on our ranch with a + 100 MPPA!
